

ITT Stealth

Stealth is a compact autonomous machine that scrubs, dries and vacuums and transitions effortlessly between floor types.

It has multiple sensors for obstacle and drop avoidance.

Stealth comes with a docking station for automatic emptying, charging and re-filling.

Real-time notifications and reports on cleaning performance are available via the mobile App.

Specification	Stealth
Dimensions (L x W x H)	52 x 51 x 28 cm
Cleaning Width	39 cm
Run time	4 hours
Charge time	2 hours
Dust box capacity	1.3 litres
Tank capacity	4 litres clean water / 3.5 litres dirty water
Weight	17.5 kg
Maximum speed	0.4 – 0.6 m/s
Productivity	300-700 m ² /h
